RE: Submittal of Maricopa County Air Quality Department (MCAQD) Rules 350, 351, 352, and 353 as a Revision to the Arizona State Implementation Plan (SIP)

Dear Mr. Busterud:

The Arizona Department of Environmental Quality (ADEQ) hereby adopts and submits to the U.S. Environmental Protection Agency (EPA) the enclosed revision to the SIP, for the revision of MCAQD Rule 350 (Storage and Transfer of Organic Liquids (Non-Gasoline) at an Organic Liquid Distribution (OLD) Facility), Rule 351 (Storage and Loading of Gasoline at Bulk Gasoline Plants and at Bulk Gasoline Terminals), Rule 352 (Gasoline Cargo Tank Testing and Use), and Rule 353 (Storage and Loading of Gasoline at a Gasoline Dispensing Facility). ADEQ is submitting this SIP revision pursuant to Arizona Revised Statutes Sections 49-104, 49-106, 49-404, and 49-406, and Code of Federal Regulations (CFR) Title 40, Sections 51.102 through 51.104.

The purpose of the enclosed final revisions to Rules 350, 351, 352, and 353 is to remedy deficiencies identified by the EPA in the final conditional approval published in the Federal Register (85 FR 10986) on February 26, 2020. The EPA's final conditional approval was effective March 27, 2020. Consequently, the MCAQD must revise Rules 350, 351, 352, and 353 and submit such revisions to ADEQ, and ADEQ must submit those revisions to the EPA not later than one year from the effective date of the EPA's final rule - not later than March 27, 2021.
